## Coastal Triumph

**BONSAI and Bluegrass Blend**

Coastal Triumph is a 50/50 blend of BONSAI and bluegrass. We have combined the fine texture, dark green color and deep-rooting ability of BONSAI with the regenerating ability and overall beauty of bluegrass to provide you with a grass that makes an ideal all-purpose lawn.

Coastal Triumph is slower growing which means fewer clippings, but it is the ability to self-repair and generate new growth that makes this an excellent choice for people with children and pets.

Central Coast Sod insures you fresh, locally-grown products adapted to our local weather and soil conditions. We are the experts when it comes to growing sod on the Central Coast.

	<b>Triumph 2</b>	<b>Coastal Triumph</b>	<b>Gold Coast</b>	<b>Bonsai</b>
